Resources for Restaurants (updated 02/04/2022)

Restaurant Revitalization Fund (RRF)

Applications are Now Closed

In March 2021, Congress passed a restaurant relief fund championed by Rep. Blumenauer in the American Rescue Plan Act. The fund provides \$28.6 billion in grants for food service and drinking establishments – including caterers, brewpubs, taprooms, and tasting rooms – that are not part of an affiliated group with more than 20 locations or publicly traded.

The American Rescue Plan Act established the Restaurant Revitalization Fund (RRF) to provide funding to help restaurants and other eligible businesses keep their doors open. This program will provide restaurants with funding equal to their pandemic-related revenue loss up to \$10 million per business and no more than \$5 million per physical location. Recipients are not required to repay the funding as long as funds are used for eligible uses no later than March 11, 2023.
